Congratulations to our awesome librarian, **Dr. Melissa Gardner**, who won the Kentucky Library Association's Lifetime Achievement Award. In his letter informing Dr. G about her win, the President of the Special Libraries Association stated, "It is my honor to inform you that you have been awarded the Kentucky Library Association's Lifetime Achievement Award for 2020. You are a most deserving awardee given your work in the Kentucky school system and as a member of the Kentucky Association of School Librarians. As a recognized leader in the field of school librarianship, your achievements over the years speak for themselves and your willingness to serve demonstrate the dedication and love you have for your field and profession. As you "continually strive to make [your]self a better librarian and serve [your] local, state, and national organizations" to share your passion with others, it is obvious that you deserve this award and are an example for all librarians to follow. We are so proud to have our exemplary media specialist, Dr. Gardner, at CCMS!

Parents:

If you ordered a CCMS yearbook last year, and your student is virtual, you may email me to make arrangements to pick up the yearbook in the front office during school hours.
