# Introduction

## Handbook Purpose

The purpose of the handbook is to acquaint you with general policies and procedures of the Campbell County Schools that govern and affect your responsibilities as a coach.

Because this handbook is a general source of information, it is not intended to be, and should not be interpreted as, a contract. It is **not** an all-encompassing document and may not cover every possible situation or unusual circumstance. If a conflict exists between information in this handbook and Board policy or administrative procedures, the policies and procedures govern.

Some policies refer to specific forms that are available as part of the District's administrative procedures. It is the employee's responsibility to refer to the actual policies and/or administrative procedures for further information. Complete copies of those documents are available at the Central Office and in the Principal's office. Policies and procedures also are available on line via the District's web site or through this Internet address: <http://policy.ksba.org/C03/>. Any employee is free to review official policies and procedures and is expected to be familiar with those related to his/her job responsibilities. Employees and students who fail to comply with Board policies may be subject to disciplinary action. **01.5**

School council policies, which are also available from the Principal, may also apply in some instances. **02.4241**

In this handbook, **bolded policy codes** indicate related Board of Education policies. If an employee has questions, s/he should contact his/her immediate supervisor or any Central Office administrator.

This handbook is intended to be a tool to help implement local policies and procedures and guidelines established by the Kentucky High School Athletic Association (KHSAA) and other sport-specific governing bodies in the administration of student-athletics. For more detailed information about the KHSAA and the bylaws referenced in this handbook, please visit the following website:

[www.khsaa.org](http://www.khsaa.org).

## District Mission

The mission of the Campbell County School District, in partnership with students, staff, parents, and community, is to do "whatever it takes" to ensure our students' success in college, career, and life.

## **Athletic Program/Sport Activity Philosophy**

A comprehensive and balanced athletic and sport activity program is an essential complement to the basic program of instruction. The athletic and sport activity program should provide opportunities for students to further develop interests and talents in athletic and sport activities. Participation in these activities should provide many students with a lifetime basis for personal values, for work and leisure activities.

The athletic and sport activity program should be available to all students who demonstrate an interest in participating, regardless of their individual abilities. Accordingly, appropriate skill levels should be established within activities, when feasible, so that students may participate as fully as possible regardless of ability levels.

Every effort should be made to support the athletic and sport activity programs with the best facilities, equipment and with the most qualified staff available. Insofar as possible, knowledge and skills gained in the classroom should be applied and further developed in the athletic and sport activity program. Coaches, directors, and sponsors should also teach the specific skills necessary for improvement in athletics and sport activities and provide guidance in the development of self-realization, good sportsmanship, cooperation, leadership, ethical behavior, and an appreciation for the importance of practice.

## **Goals and Objectives**

1. To provide a positive image of school athletics and sport activities in Campbell County Schools.
2. To strive always for playing excellence that will produce winning teams within the bounds of good sportsmanship while enhancing the mental health of student athletes.
3. To ensure growth and development that will increase the number of participants; that will give impetus to increased contest attendance; that will enhance a program of maintenance and improvement of athletic and sport activity facilities.
4. To provide a superior program of student activities that includes appropriate activities for every participant.
5. To provide an opportunity for students to experience success in those activities he or she selects.
6. To provide sufficient activities which offer the greatest benefits for the greatest number of students.
7. To create a desire to exceed and excel.
8. To practice self-discipline and emotional maturity in learning to make decisions under pressure.

9. To be socially competent and operate within a set of guidelines and rules, thus gaining a respect for the rights of others.
10. To develop an understanding of the value of activities in a balanced educational process.
11. To provide opportunities that will allow the program to serve as a laboratory where students may cope with problems and handle situations similar to those encountered under conditions prevailing in the contemporary world. To include but not be limited to the following:
  - a. Physical, spiritual, mental and emotional growth and development.
  - b. Development of commitments such as loyalty, cooperation, fair play and other desirable social traits.
  - c. Directed leadership and supervision that stresses self-discipline, self-motivation, and excellence.
  - d. Create a focus of interests on athletic programs for students, faculty, and community that will generate a feeling of school spirit and unity.

\*While recognizing the benefits of athletic competition and sport activities, the primary function of a cheerleading program in the Campbell County Athletic Department is to support interscholastic athletics and to uphold, reflect, and project the goals of the school community. Therefore, cheerleading squads will be a major part of the athletic and sport activities program and will not only support their athletic teams but also promote school spirit and sportsmanship at contests and in the school as well.

## **Cutting of Participants**

The coaching staff of each individual sport shall establish the process for deciding whether athletes will be “cut” during a tryout period during which the final composition of a team will be determined. If a coaching staff determines that “cuts” are necessary, they shall discuss with all athletes attending the tryouts the criteria to be used to evaluate the athletes during the tryout period. This procedure shall also describe the notification process that will be used to inform all athletes of their status following the tryout period. The coaching staff must make every effort to ensure that all athletes attending the tryouts clearly understand the criteria to be used to evaluate them.

The notification procedures used by the coaching staff should, if feasible, include individual conferences with each athlete that does not make the final team. These conferences shall include feedback to the athletes on the areas where they might improve athletically and always ensure the dignity and growth of the individual student.

## **Conduct of Program**

All interscholastic and intramural athletic competition shall be in compliance with the constitution, bylaws, and competition rules of the Kentucky High School Athletic Association (KHSAA) and Title IX requirements. As a condition to KHSAA membership, each member school and Superintendent shall annually submit a written certification of compliance with 20 USC Section 1681 (Title IX).

Coaches shall abide by:

- Policies adopted by the school council relating to evaluation of the athletic program that address program equity for both male and female athletics.
- Program implementation requirements developed by Superintendent/designee to promote compliance with Title IX requirements.
- Rules and limitations established by 702 KAR 7:065 and the local Board for students participating in middle school sports and sport activities. **09.31**

***STUDENTS FIRST, ATHLETES SECOND***

## **KHSAA Imposition of Penalties**

If KHSAA rules and regulations are violated, penalties may be imposed on the school or individual within the defined parameters of Bylaw 27, the KHSAA Due Process Procedures. The Principal shall be responsible for oversight of the school's athletic program to see that it remains compliant with KHSAA rules.

|   |
|---|
| <p><b>Please refer to KHSAA Bylaw 27.</b></p> |
|---|

## **Middle School Applicability**

Per 702 KAR 7:065, the KHSAA has responsibility for the regulation of athletics at the Middle School level. An Advisory Committee will set any statewide regulations, with approval from the Kentucky Board of Education and the Kentucky General Assembly through 702 KAR 7:065. This regulation sets very few statewide rules, but requires the establishment of many rules at the local level. Though there is not "membership" for middle schools in KHSAA at this time, the governance model requires local Boards of Education to ensure enforcement of a variety of restrictions, most of which are related solely to the health and safety of the student-athlete and to maintain the proper perspective for interscholastic athletics within the education model.

## **Future Changes**

Although every effort will be made to update the handbook on a timely basis, the Campbell county Schools reserve the right, and have the sole discretion, to change any policies, procedures, benefits, and terms of employment without notice, consultation, or publication, except as may be required by contractual agreements and law. The District reserves the right, and has the sole discretion, to modify or change any portion of this handbook at any time.

Before a student's outer clothing, pockets, or personal effects (e.g., handbags, backpacks, etc.) are searched, there must be reasonable grounds to believe the search will reveal evidence that the student has violated or is violating either a school rule or the law or possesses an item harmful to the school and its students. Search of a pupil's person shall be conducted only with the express authority of the Principal.

However, when an immediate threat to the health or safety of others occurs off site with no certified employee reasonably available, coaches that are responsible for the student are authorized to conduct the search of a student or his/her personal effects. Examples of immediate threats would include reasonable suspicion of the presence of illegal drugs or a weapon.

No search of a pupil shall be conducted in the presence of other students, except for situations involving an imminent threat to students or staff where immediate action is required to prevent harm to health and safety. No strip searches of students shall be permitted. **09.436**

## **Pre-Season Planning**

### **Notifications to Students/Parents**

Each coach of an athletic or sport activity is responsible for distributing the forms required by KHSAA to each prospective student athlete, as well as forms required by the Board of Education.

### **Coach-Parent Communications**

To demonstrate the District's commitment to productive school-home communications, coaches are expected to communicate with parents using a variety of methods to provide information or respond to requests. Coaches will create a list showing which method of communication works best for each parent/player including phone calls, emails, text messages, websites, and traditional mail. When using electronic communications such as email and/or text, group messages will be utilized. Coaches should refrain from one-on-one electronic conversations with players by including the player's parent/guardian on any electronic communication. (see District policy 08.2323) Communications made as part of the position should be professional in nature. User names, email addresses, twitter handles, etc. should not be suggestive in nature or reference drugs, alcohol, or tobacco products.

It is recommended that coaches use "remind101.com" for text messages. This free service sends a text message to a group of phone numbers and does not allow for return messages. It can be used from a smart phone or computer.

The following should be given to parents and players during the team's pre-season meeting:

**PARENT/GUARDIAN AND COACH COMMUNICATIONS REGARDING CONCERNS**

While all athletes, parents and staff members work for the common good of the individual and the school, disagreements may occur at times during participation in high school athletics. For the purpose of improving relations between all parties involved, the following guidelines shall be followed should a student or parent have issues they wish to address:

If a parent has a complaint about a coach, they shall refrain from confronting the coach in public. Appointments are to be requested which afford all parties the opportunity to calm emotions (if necessary) and respond in an appropriate professional manner. The following steps are in place regarding how to address concerns:

1. The parents/guardians may contact the coach to discuss or request a meeting regarding their concern. If, after discussion or meeting with the coach, the matter is not resolved, then
2. The parents/guardians shall contact the Athletic Director to discuss or request a meeting. If the matter is not resolved at this level, then
3. The parents shall be directed to the District's grievance policy 09.4281.

In order to adhere to confidentiality regulations during these meetings, neither coaches, parents nor the administration shall discuss other players or family members. Conferences shall focus only on the concern at hand and a remedy to the problem that is most agreeable to all the parties involved. Playing time, level of play (varsity, junior varsity or freshmen level) and position assigned is a decision the coach and his/her staff make at their discretion. Factors may include but are not limited to ability level, experience, work ethic, attitude, opponent and past performance. In addition, a coach's system, strategy or play-calling ability are also decided by the coach and their staff and not subjects up for discussion or debate in meetings.

When appropriate, any party receiving a report shall direct the inquiring person to contact the coach, Athletic Director, Principal or Superintendent/designee (in order). Any written correspondence should be passed on to the appropriate personnel, giving them the opportunity to respond. If school officials believe that the safety or well-being of student athletes may be in jeopardy, an investigation will be undertaken in all cases regardless of reporting method.

Lastly, we request and hope that social media and websites will not be utilized as a means to register complaints about children, adults or teams. Negativity does not benefit our children, programs or community. Being a positive role model for our student athletes is a shared responsibility among all parties. It is our desire to address issues in an honest forum where the parties involved can work together to resolve them without airing them in a public forum which does not effectively correct any concerns.

## Scheduling

Coaches shall adhere to the following scheduling guidelines, unless circumstances dictate otherwise, in which case they shall confer with the Principal.

Scheduling of athletic competitions and sport activities shall be approved in advance by the Principal and meet all applicable conference, district or regional requirements in keeping with KHSAA rules and regulations.

With the approval of the Principal and the Superintendent/Designee, school sponsored student activities/groups and athletic teams may practice on Sunday between 1:00 and 6:00 p.m. to prepare for participation in regularly scheduled events and district, regional, state or national tournament/competition (occurring on a Monday) or on a holiday to prepare for participation in regularly scheduled events and district, regional, state, and national tournament/competition occurring on the day following the holiday. **09.3**

**Please refer to KHSAA Bylaws 19-24.**

## Ticketing

Admission prices/season passes (if offered) to athletic events for Campbell County Schools will be set by the Board. **09.15**

The Superintendent shall authorize the issuance of any free passes to athletic events. **09.371**

To the extent possible, athletic competitions shall be scheduled:

1. To minimize travel distances and compete with schools of comparable size and classification.
2. To avoid overlap with other school athletic activities already scheduled on the same date.
3. To assure that scheduling of District facilities, practice times and competition times for both male and female sports are consistent with Title IX requirements.
4. To avoid scheduling regular season athletic games on a date that will require loss of instructional time for travel or competition, unless approved by in advance by the Superintendent/designee.

Examples of scheduling of athletic practices and events to be avoided include activities that:

- a. Conflict with end of semester exams.
- b. Occur during professional development activities
- c. Coincide with religious observances and/or times of worship.
- d. Conflict with school open house events

## Cancellation of Athletic or Sport Activities

In the event school is cancelled during a weekday and there is a high school or middle school athletic event or sport activity scheduled that day; or school is cancelled on a Friday and there is a high school or middle school athletic event or sport activity scheduled on the next day, the Principal and Athletic Director will make a decision regarding the event. In the event of a cancellation, the activity should be re-scheduled for the earliest convenient date as long as all KHSAA and District requirements regarding scheduling are met.

Forfeits are addressed by KHSAA guidelines.

**Please refer to KHSAA Bylaw 22.**

## Athletic/Sport Activity Trips

The Superintendent/designee shall approve all school-related trips and shall inform the Board of all such approval on a monthly basis.

Parents are to be informed of the nature of all trips, the approximate departure and return times, means of transportation, and any other relevant information. Parents must give written approval for students to participate in athletic trips. **09.36**

When transportation is provided by the District, all students must ride the bus to the athletic event or sport activity unless previous arrangements are made by the parent for an exceptional situation. Students may return home with a parent/guardian provided a completed Travel Release Form is on file. Only the person(s) listed on the Travel Release Form may sign-out a player at the conclusion of the event. In special/emergency situations where a parent needs to provide transportation for a player other than their own son/daughter at the conclusion of an away game, a written note from both parties must be approved by the Principal and Athletic Director prior to the event. The Travel Release Form is located in the Appendix of the Coaches' Handbook.

The Board requires that all mandatory trips for athletics such as games, competitions, practices, scrimmages or matches outside the county use proper, Board approved transportation. Bus transportation fees shall be paid by the sport team for all trips requiring a bus. See Athletic Director for fee guidelines.

Upon completion of season schedule, each coach must submit to the Athletic Director their respective bus times for all trips. It is the responsibility of the Athletic Director to review, complete, and submit all bus requests to the Transportation Department. Failure to submit bus times could eliminate the team from an away contest. When the post-season tournament and game schedule is finalized, the exact playing dates and times need to be submitted to the Transportation Department.

For teams that are competing at the Regional or State Tournament level, the Athletic Department will provide a meal allowance and hotel accommodations for the team. The Athletic Department will also cover the cost of any transportation needs. For regular season tournaments, it will be the individual team's responsibility to cover expenses for meals and hotel accommodations.

## Student Discipline

All students participating in the District's athletic program shall abide by school/District rules and regulations, including provisions of the code of acceptable behavior and discipline. In addition, coaches may set additional reasonable team rules, provided those rules are given to students prior to the beginning of the season and students are required to return to the coach a form signed by both the student and the parent/guardian signifying their receipt of, and agreement to abide by, the rules. Coaches shall keep these forms on file for the duration of the sports season. **09.438**

In keeping with Board policy, disciplinary measures should not be administered in a manner that is humiliating, degrading, or unduly severe or in a manner that would cause the student athlete to lose status before his/her peer group. Coaches should guard against making remarks to other student participants concerning a student's shortcomings.

Serious disciplinary problems shall be promptly reported to the Principal and to the parent(s) of the student. **09.43**

The Principal may suspend a student's eligibility to participate in an athletic activity, pending investigation of any allegation that the student has violated either the District behavior standards or the school council's criteria for participation. **09.3**

## Crowd Control

Coaches shall coordinate with the Principal to promote the orderly conduct and safety of students and other spectators who attend athletic events or sport activities.

Crowd control procedures shall include supervision by appropriate school officials in all cases. In case of events where it is anticipated that the nature of the crowd may pose conduct or safety problems (e.g. large or emotional crowds), procedures shall call for the posting of adequate police or security personnel. **05.45**

## Athletic Program/Sport Activity Purchasing

Employees are required to follow applicable state law and regulations and local policies and administrative procedures when making purchases on behalf of the athletic program/sport activity, including equipment and uniforms. All purchases using District funds shall require the prior approval of the Superintendent or the Superintendent's designee. **04.31**

A yearly budget is submitted to the Principal and approved by the Board. This budget will be adhered to and followed throughout the school year. The following sections are listed in the budget:

**Projected Expenses:** Equipment and Supplies, Uniform Replacement Program, Home Game Expenses, and other miscellaneous athletic expenses.

**Projected Athletic Income:** Gate Receipts, Concession Stand, Vending, Athletic Participation Fees, and other miscellaneous income using estimates from prior years.

Internal school account purchases must be supported by a properly executed purchase request and authorization for payment by the Principal. **04.312**

Bidding procedures shall conform to the Model Procurement Code, KRS 45A.345 – KRS 45A.460. District small purchase procedures may be used for any contract in which the aggregate amount does not exceed \$30,000.00. For additional assistance, coaches should contact the District Treasurer in the Central Office. **04.32**

## **Expense Reimbursement**

Provided the Superintendent/designee has given prior approval to incur necessary and appropriate expenses, school personnel are reimbursed for travel that is required as part of their duties or for school-related activities approved by the Superintendent/designee. Allowable expenses include mileage, gasoline used for Board vehicles, tolls, parking fees, car rental, fares charged for travel on common carriers (plane, bus, etc.), food (as authorized by policy and/or procedure), and lodging. Itemized receipts must accompany requests for reimbursement.

Employees must submit travel vouchers within two (2) months of travel and will not be reimbursed without proper documentation. Should employees receive reimbursement based on incomplete or improper documentation, they may be required to reimburse the District. **03.125/03.225**

## Student Oversight

### Attendance

School operating under SBDM shall set attendance requirements for extracurricular activities per Board Policy 09.3. Coaches should refer to council guidelines. In the absence of such guidelines coaches shall require any student/athlete who participates on an interscholastic team to be in attendance at school on the day of a practice, contest, or game. The student/athlete must arrive at school no later than two (2) hours after the beginning of the school day and must remain in school for the remainder of the school day. Any student/athlete who leaves school prior to two (2) hours before the end of the school day shall not participate in that days practice, contest, or game. It is recognized that extenuating circumstances arise causing an excused absence. Such extenuating circumstances shall be considered for approval by the Principal/designee.

### Eligibility

Determination of athletic eligibility for students shall be made in compliance with applicable administrative regulations and Kentucky High School Athletic Association requirements. Students may be required to meet additional requirements as established by the appropriate school authority.

District standards for playing up from middle school (grades seven and eight [7 & 8]) to high school in sports other than football and soccer may include, but are not limited to, considerations related to safety, physical readiness, use of school space after the school day, transportation, funding, the student's disciplinary status and record, any substance testing restrictions, equitable opportunities for participation, and harmonizing any conflicting school-based decision making ("SBDM") requirements. SBDM Council policies apply to the selection of sports activities, and student participation based on academic qualifications and attendance requirements, program evaluation, and supervision.

To be eligible to try out and participate at the high school level, middle school students must meet all applicable KHSAA, District, and SBDM requirements. The Superintendent/Designee in cooperation with principals, SBDM councils, coaches, and athletic directors, as deemed appropriate, may develop guidelines for Board approval addressing playing up standards. **09.313**

A student enrolled in a public charter school that offers any interscholastic athletic activity shall be ineligible to participate in interscholastic activities at any other school. Subject to applicable law, regulations, and bylaws (e.g. KHSAA, Title IX) and the terms of the charter contract, students who are enrolled in a charter school that does not offer any interscholastic athletic activities shall be eligible to participate in such activities at the District school of that student's residence. **09.313**

Pupils whose parent or guardian resides in the District and has custody of the student, or pupils who are legal residents of the school district, or as otherwise provided by state or federal law, shall be considered residents and entitled to the privilege of participating in the school athletic program, unless such is in conflict with KHSAA Bylaws. All other pupils shall be classified as nonresidents for school purposes. **09.12**

Only students who are enrolled in the District may participate in athletics or sport activities sponsored by the District or individual schools. **09.3**

#### *Students Dropping a Sport*

Any student/athlete who does not complete the entire season of a sport may not be involved with another sport in any manner until the conclusion of the sport he/she did not complete. Any student/athlete who participates in one (1) full week of official practice with a team must follow this guideline.

## **Student Transfers**

Any domestic student who has been enrolled in grades nine (9) through twelve (12) and has participated in any varsity contest in any sport at any school, while maintaining permanent residence in the United States or a United States territory following enrollment in grade nine (9) and who then transfers schools, shall be ineligible for interscholastic athletics at the varsity level in any sport in which the student has participated at the varsity level since enrolling in grade nine (9) for a period of one (1) year from the date of last participation in varsity interscholastic athletics.

Any domestic student who has been enrolled in grades nine (9) through twelve (12) and has participated in any varsity contest in any sport at any school following enrollment in grade nine (9) and who has been previously granted eligibility under Bylaw 7 or 8 and who then transfers schools, shall be ineligible for interscholastic athletics at the varsity level in any sport in which the student has participated at the varsity level since enrolling in grade nine (9) for a period of one (1) year from the date of last participation in varsity interscholastic athletics.

The period of ineligibility may be waived in the event of a dissolution of marriage (i.e. a final and legally binding divorce decree from a court of competent jurisdiction) or properly recorded legal separation (i.e. a legally binding separation decree from a court of competent jurisdiction) of the parents and a change in the residence of the student pursuant to a court order granting custody of the child to one of the parents with whom the student shall reside. The grant of this waiver shall only apply to the member school in the school district in which the residence of the custodial parent is located.

The period of ineligibility may be waived in the event that the transferring student did not participate in an interscholastic contest at any level in any sport while enrolled in grades nine (9) through twelve (12) during the previous calendar year.

The period of ineligibility may be waived for a student when it is documented, at the time of the original transfer eligibility submission, that a student is a victim of bullying as defined in KRS 158.148 and in which bullying has been documented to the school district in accordance with statutes, local board policies and procedures, and as a result of this documented harassment, intimidation, or bullying, the student is compelled to transfer. KHSAA Bylaw 6 contains other specific provisions for waivers related to the anti-bullying exception.

Foreign students (non-domestic) attending high school in Kentucky shall be considered ineligible for the first calendar year following enrollment. Foreign students who have been ineligible for an entire calendar year after being enrolled in a high school in Kentucky become eligible to represent that school immediately following the conclusion of the one (1)-year period. The period of ineligibility may be waived if the entire family unit is relocating from a foreign country or if the members of a family from a foreign country are relocating due to a declaration of asylum or seeking refuge due to acknowledged conflict.

Foreign exchange students attending school in Kentucky shall be considered ineligible for the first calendar year following enrollment. The period of ineligibility may be waived if the student is placed in a KHSAA member school under the auspices of approved J-1 or F-1 student exchange program that is on the approved listing of Council on Standards for International Exchange Travel (CSIET). In addition, a waiver may be made in other circumstances approved by the Board of Control within the KHSAA Due Process Procedure.

KHSAA Bylaws 6, 7, and 8 contain other specifics and questions should be referred to your Principal or Athletic Director.

**Please refer to KHSAA Bylaws 6, 7, and 8.**

A student at any grade level shall not be recruited to a member school of the KHSAA for the purpose of participating in athletics, including recruitment under the guise of academics. A student enrolled at any grade level shall not be given improper benefits not available to all members of the student body to remain at a member school.

Recruiting is defined as an act on behalf of or for the benefit of a school, which attempts to influence a student to transfer to a member school for the purpose of participating in athletics. It also shall be defined as recruiting to provide improper benefits to an already enrolled student to influence that student to remain at a member school for the purpose of participating in athletics. A school official utilizing an intermediary including a peer, another school employee, a student, parent, or a citizen, for the purpose of recruiting a student athlete shall be in noncompliance.

- All practices and games must take place on the campus of a designated Campbell Co. School.
- All coaches must be a Certified Campbell Co. Schools Volunteer.
- A team must have at least 6-8 players.
- The Volleyball Director must be present at all games.
- Each game will begin with a coin toss. The team that wins the coin toss chooses to serve or receive for the first game.
- Each match shall be the best 2 out of 3 games. Rally scoring will be utilized and all games of a match are 21 points, including the 3<sup>rd</sup> deciding game. The first team to 21 points wins, except the game continues until the winner wins by 2 points or one team reaches the game cap of 25 points.
- The referee will start each game with a brief speech about proper etiquette and sportsmanship.
- The net shall be a minimum height of 6'9" and a maximum of 7'0". It shall be consistent across the top in height and the variation between the sideline and center of the net shall not vary more than 3".
- For the 3<sup>rd</sup> Grade Division: Each side of the court is 20' with a serving line at 15'. For the 4/5<sup>th</sup> Division: Each side of the court is 30' with a serving line of 20'. All courts must have a 3 feet clearance all around (from gym walls, stage, and other obstructions). - Each match will start with the players on the end line. When the ref blows the whistle, the girls shake hands at the net. The players will shake hands again at the end of each match.

- Each team shall provide one line judge for each game/match. The line judge shall be a volunteer and a responsible individual who must pay attention to the game. It is up to the coach to assign a responsible person to do lines.
- A serve can be from anywhere behind the respective serving line, within the sidelines extended. The server does not have to serve from behind position one and does not have to "be in position" at time of serve.
- A server is NOT allowed any "do over". The ball must be served on the first toss. A ball missed in the action of attempting a serve shall be counted as a serve, resulting in a side out and point for the other team.
- The ball shall be rolled under the net at any time the ball is not in play.
- Volleyball antennas should be placed on the net at the court's side lines. The purpose of the antennas is to vertically extend the side lines of the court and laterally define the crossing space.
