

Alignment with State Standards, Technology, and Program Appraisal

Purpose: The purpose of this policy is to ensure that Campbell Ridge Elementary School operates in a manner that is aligned with State Standards and local school board policy.

The school shall organize all instructional and other activities to be aligned with state standards established in state laws and regulations, and in a manner that is consistent with local school board policy. Council shall consider alignment with state standards in the following areas:

Council Policy Type

- Legally Required Policy
- Additional Policy Topic
- Additional SISI Policy

First reading – 2.9.09

Second Reading – 3.9.09

Adoption date – 3.9.09

Revised – 1.31.12

Revised – 10.28.14

Reviewed – 10.17.18

Reviewed – 5.16.22

- Alignment of the school’s curriculum with KY Core Academic Standards
- Alignment of the school’s instructional practices with state recommendations
- Status of student performance as measured by the state assessment process
- Alignment with the Standards and Indicators for School Improvement
- Implementation and impact of the current school improvement plan
- State of technology utilization
- Review of selected school programs

Our yearly School Improvement Planning process will include:

- An analysis of our statewide testing results data and other school data as necessary to discover the extent to which our students are meeting state standards and our programs are aligned with state standards by November 1st.
- Systematic work to discover and correct the causes of and barriers to high performance by all students and the movement of students toward our goals.
- A revision of our School Improvement Plan based on our needs assessment data for that year. Our Plan will set goals and address any indicated alignment issues to help move our students to state standards according to the timetable established by the Kentucky Board of Education.
