Guests:

Opening Business	Motion	Second	Discussion
Call to Order			Mr. Moore Called the meeting to order at 5:30 PM
Approve tonight's agenda	Gardner	Webb	
Approve previous minutes	Desmond	Gardner	September 14, 2020
Good News Report			Dr. Gardner was awarded the lifetime achievement award for Kentucky Librarians. We had great participation in MAP testing and results were where we would expect in the Fall. The behavior has been great so far with students. All Fall sports are in full swing. Many kids are playing and we are having awesome seasons. The teachers are doing some really creative things this year that is high engagement instruction. The band and choir are finding innovative ways to integrate both virtual and in person students.
Public Comment			

Policy Review	Motion	Second	Discussion
Policy 0013.2 – Lesson Planning Policy			There was discussion to modify this plan to fit with the district focus in the formative learning cycle with Learning Targets, Success Criteria, and Performance of Understanding.

Communications	Motion	Second	Discussion
Budget Report			We have not been spending much money yet. We did get a pretty good chunk of money from the student fees. One of the biggest savings we hope to have is in paper and copying. With copying savings we hope to take this money and place in other technology areas that teachers have requested.
FRYSC Report			Mrs. Slone has been working hard securing meals for Thanksgiving for our families. The FRYSC is working to promote Safe Schools Red Ribbon week. School Smiles is here this week. Heart and Soul is running. Internet has been provided for 24 families through Cincinnati Bell. CC Drug alliance provided winter supplies and blankets. Wal-Mart donated \$7,500 worth of school supplies.
Library Media Center Report			The Kentucky Collection went live today. For our \$1000 we pay we get \$51,000 worth of shared books. The 1:1 is going very well. We have only had 15 tech orders so far. Most have been under warranty.
CSIP Update			The CSIP was discussed. Mr. Moore explained the general growth areas that we have based upon the MAP scores. We talked about identifying our needs as a school. Mr. Moore hopes to have the full CSIP for the December meeting. The analysis of the MAP scores based upon student growth. Each grade showed growth even with COVID NTI instruction. The 7 th grade did a fantastic job meeting

			and exceeding growth expectations. The results do show that we need to focus on growth and RIT band instruction in the CSIP. Parents should be getting MAP results sent home this week.
